Racism & Discrimination

Improve population health by systematically eliminating institutional racism and the implicit and explicit biases that support and sustain this injustice. Do so by increasing access to, and use of health promoting resources in the community, and by decreasing and reducing the structural, social, and cultural factors that contribute to health inequities.

Substance Use

Create a regional community that prevents and reduces substance disorder and its surrounding targets to vulnerable populations.

Physical Activity

Increase the number of adults who report they are physically active on a regular basis.

Enable access to 24-week physical activity and nutrition programs through efforts targeting efforts to vulnerable populations.

5.1.2. Centralize online resources for clinical providers to collect and access to quality comprehensive care for all.

7.1.3. Increase number of farmers for youth.

7.3.5. Provide opportunities for faith-based organizations to engage in food distribution, job readiness, and violence prevention activities.

Economic Opportunity

Improve population health by providing all residents with opportunities to engage in meaningful work with living wages, healthy, and safe, and family-friendly working conditions.

7.1.1. Partner with local employers to develop workforce programs to attract local youth.

7.1.5. Take measures to combat stigma for all populations.

7.2.7. Create a stronger regional food system by building relationships with local, regional, and national community and faith-based partners to ensure equitable access to fresh food and healthy eating opportunities.

7.2.3. Support launch of mobile Farmers Market.

7.3.6. Include support for mental health challenges.

Safety

Ensure that all residents regardless of age, race, ethnicity, class, gender identity, sexual orientation, housing situation, and income live safe, secure, and free from violence.

Access to Care

Create a well-coordinated, respectful, and culturally-responsive environment that encourages all residents to access, and quality of care for all.

7.1.1. Increase number of local and state providers, and community members in dialogue or activities to 30% annually.

7.3.5. Provide opportunities for faith-based organizations to engage in food distribution, job readiness, and violence prevention activities.

Access to Healthy Food

Ensure all people have equal access to healthy food by building and sustaining healthy food systems that support improved access to, and delivery of nutritious food.

7.2.2. Increase number of community gardens and nutrition programs by 50%.

7.2.4. Support community recreation centers and faith-based organizations to participate in neighborhood resource allocation.

7.3.4. Provide increased opportunities for police to engage with the business community in promoting community health and safety.

7.4.1. Develop a pilot to sustainably increase efforts to create the safe spaces and working conditions for all populations.

7.4.2. Support and maintain evaluation and demonstration projects on police training and community engagement.

7.4.3. Support and maintain evaluation and demonstration projects on police training and community engagement.

7.4.3. Support and maintain evaluation and demonstration projects on police training and community engagement.

7.4.4. Increase opportunities for employment for youth.

7.4.5. Support community-reflective recruiting and hiring practices for local public school systems.

7.4.6. Support a network of outreach workers, case managers, and peer support workers.

7.5.1. Increase number of local and state providers, and community members in dialogue or activities to 30% annually.

7.5.2. Increase number of hiring opportunities for youth.

7.5.3. Increase access to fresh healthy produce at corner stores in low-income neighborhoods.

7.5.4. Support community-reflective recruiting and hiring practices for local public school systems.

7.5.5. Implement universal on-going implicit bias and youth development training.

7.5.6. Increase the number of local and state providers, and community members in dialogue or activities to 30% annually.

7.5.7. Support community-reflective recruiting and hiring practices for local public school systems.

7.6.1. Increase number of hiring opportunities for youth.

7.6.2. Support community-reflective recruiting and hiring practices for local public school systems.

7.6.3. Support community-reflective recruiting and hiring practices for local public school systems.

7.6.4. Increase opportunities for employment for youth.

7.6.5. Support community-reflective recruiting and hiring practices for local public school systems.

7.6.6. Support a network of outreach workers, case managers, and peer support workers.

7.6.7. Increase number of hiring opportunities for youth.

7.6.8. Support community-reflective recruiting and hiring practices for local public school systems.

7.6.9. Support community-reflective recruiting and hiring practices for local public school systems.

7.7.1. Increase number of hiring opportunities for youth.

7.7.2. Support community-reflective recruiting and hiring practices for local public school systems.

7.7.3. Support community-reflective recruiting and hiring practices for local public school systems.

7.7.4. Increase opportunities for employment for youth.

7.7.5. Support community-reflective recruiting and hiring practices for local public school systems.

7.7.6. Support a network of outreach workers, case managers, and peer support workers.

7.7.7. Increase number of hiring opportunities for youth.

7.7.8. Support community-reflective recruiting and hiring practices for local public school systems.

7.7.9. Support community-reflective recruiting and hiring practices for local public school systems.
